High Protection Industrial Panel PC

Why Wincomm High Protection Industrial Panel PC?

1. Dedicated design for harsh & hygienic environment applications
2. Dedicated design for outdoor environment applications
3. Whole set IP65/67 enclosure protection for water/dust proof
4. Outdoor wide temperature operation for up to -20°C~60°C
5. Outdoor sunlight readable optical bonding ultra high brightness LCD display
6. Fanless design with temperature monitoring
7. Resistive touch integration and anti-UV treatment
8. Water/dust proof connectors, cables and accessories

□ Waterproof connectors, membrane keypad & antenna

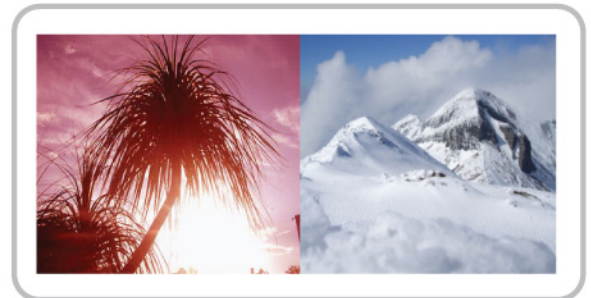

□ WTP-8865 passes IP65 water & dust proof tests

□ 1600 nits Sunlight Readable LCD

□ Water-Proof Antenna

□ Outdoor -25~60°C Wide Temperature

Applications

Oil plant

Food Processing

Gasoline station

Pharmaceutical
